ApplyTexas Deployment Update

ApplyTexas Partners,

As we continue to enhance the ApplyTexas system, we want to update you on the latest items scheduled for tonight's maintenance window. As a reminder, the system will be unavailable during maintenance, between 7:00 p.m. and 11:59 p.m. CT. This will be the only maintenance window this week due to the July 4 holiday.

Items scheduled for deployment 7/2/24:

Applicant Enhancements:

- **Address Error Resolution:** Fixes the inclusion of a U.S. state in some international addresses.
- **Application Deadline Clarity:** Addresses an issue causing application deadlines to appear as expired on the dashboard.
- **School Search Simplification:** Removal of majors from the school search to reduce confusion.
- **Multiple Applications Per Term:** Allows the submission of more than one application per term for graduate or international graduate applications.

Admin Updates:

- **Application Count Fix:** Resolves a bug that caused the application count to only show 4-year institutions.

Counselor Updates:

- **Historical Reports and Training:** Update to include downloads for historical reports and training documents.

Webinar Briefing Today:

As part of our preparation for the maintenance window tonight, we will be holding a webinar today at 3 p.m. CST. Please note we will not have a webinar session on Thursday due to the Fourth of July holiday. Please [register for today's webinar here](#).

We encourage you to visit the [Redesigned ApplyTexas - Texas Higher Education Coordinating Board site](#) for past communications, webinars, and training videos. Please continue to submit tickets for new issues. We ask that you please refrain from submitting multiple support requests for the same issue. This will cause a delay in our overall response time.

Thank you for your continued partnership and patience as we strive to enhance the functionality and user experience of ApplyTexas.

Respectfully,

The ApplyTexas Team
